**Highly Scalable**

**User Friendly**

**Value Adding our Experience**

**Less Maintenance**

**Admin Panel for all projects(Backend)**

**Support and Maintenance**

**AMC**

**Fully Secured**

**Virtual Labs Integration**

**CMS Integration**

**ERP Integration**

**Any Cloud Hosting**

# ADVANTAGES

Custom web, iPhone, and Android apps for seamless digital experiences

Crafted and implemented a proprietary, proven framework for optimal results

Deployed to over 50 schools and running successfully

Easy to maintain with minimal time investment

Demos/Zero Sprints available upon request

Staging provided for real-time monitoring and testing

# BENEFITS

01

Centralized & Customizable Learning Paths

02

Efficient Tracking and Reporting

03

In-app Communication

04

Flexible Access

05

End-to-End Admin Control Panel

06

Consistent Training Delivery

07

Interactive and Engaging Content

08

Integration Capabilities

# HIGHLIGHTS

Featured with video calling for real-time communication

---

Streamline assessments with efficient, user-friendly tools

---

Omni channel experience across phones, laptops, systems, and smart TVs.
